A child is an immense reservoir of creativity and talent. Our primary aim is to ensure the holistic development of each student. In our Vidyalaya, our children are encouraged to learn through live experiences, providing them ample opportunity for hands on experience through physical & mental activities. To achieve the aims of NEP 2020 at primary level, our teachers always strive to make learning at school a joyful experience through FLN activities. Good habits & values are inculcated through moral talks in the morning assembly. The inquisitiveness and the spirit of enquiry amongst students are nurtured through meticulously planned teaching. It has been our earnest endeavour to project this newsletter as a showcase of the efforts and achievements of our students.

**A WORD FROM  
THE VP**

**EDITOR - MS. RENU**

It is my pleasure to welcome you to Kendriya Vidyalaya. We endeavour to focus on the overall development of the students by encouraging creative, innovative and constructive thinking in a positive and safe environment. At Kendriya Vidyalaya, we strive to create an atmosphere of appreciation and respect, where every individual has the opportunity to hone and refine their talents, skills and abilities for their scholastic achievement. Our entire team is dedicated to ensure that the physical, mental, social and spiritual growth of each of the students is nurtured in the most suitable manner. We recognize the vital role of our parents and encourage them to become an integral part of the school community. Together, we can provide our students with knowledge, experience, values and guidance that will enable them to reach their fullest potential. I would like to urge each and every one of you to take part in the learning of the children so that we have beautiful, better and stronger citizens that will make and lead a powerful country.
