PRINCIPAL'S MESSAGE

“Education is not the learning of facts, but the training of mind to think.”

- Albert Einstein

I feel so fortunate to be a part of the community of students , parents and teachers who are united in a desire to provide the very best environment for each individual child.

Our children have the opportunity to take part in many activities and events conducted in the school. The children love these events which are an interregal part of KVS. We are grateful to the parents who have always been there to lend us a helping hand in our endeavour to bring out the best out of their blooming buds. We could not have done it without you!

I would also like to thank our wonderful staff for their hard work and commitment throughout the year.

Finally I want to thank all the students of K V BHANDUP for their contribution and important role they play in the school to take the school to a greater height.

PRINCIPAL

FROM THE VICE PRINCIPAL'S DESK

“EDUCATION IS NOT PREPARATION FOR LIFE ;
EDUCATION IS LIFE ITSELF .” JOHN DEWEY

It gives me a great pleasure to know that that KV BHANDUP SHIFT- II is bringing out the second edition of E-Newsletter of primary department for session 2019-2020.

While studying at the school, the students will be groomed to become confident, articulate and enlightened young citizen, ready to step into global society with dignity, honour and integrity. Many academic and co-curricular activities go hand in hand in building their complete personality.

We believe in giving our students strong values along with a set of wings which may carry them far and wide. In other words, our students are equipped to face the challenges of the rapidly changing world.

I am thankful to all my teachers for motivating the children to take part in various activities and build up good quality traits and acquire a versatile personality.

With all hope and great aspiration, I wish each and every one great success.
